Service Name:	TDM to IP Transition Birmingham and Muscle Shoals, AL
Tariff /Guidebook Sections:	A002, B002
Expected Issue Date:	11/05/2024
Expected Effective Date:	12/20/2024
Descriptive Narrative:	<p>BellSouth Telecommunications, LLC d/b/a AT&T Alabama intends to retire copper facilities serving distribution areas (DA) 4238 and 4241 in the Ensley wire center (BRHMALEN) in Birmingham, AL due to recurring failures caused by degraded copper facilities. While AT&T Alabama technicians have in multiple instances temporized repairs for service restoral, the copper facilities require complete replacement as a permanent repair solution.</p> <p>And in Muscle Shoals, AL the distribution areas (DA) 2137 and 2139 in the Sheffield wire center (SHFDALMT) facilities are being replaced due to the impact of an Alabama Department of Transportation (ALDOT) planned road construction project.</p> <p>Rather than replace the copper facilities, AT&T Alabama plans to migrate customers currently served by copper facilities to existing Gigabit Passive Optical Network/Fiber-to-the-Premises (GPON/FTTP) facilities and then retire the copper facilities.</p>
